Created for those who prioritize portability without sacrificing image quality.

The new TSN-55 PROMINAR spotting scope offers all the benefits of PROMINAR pure fluorite crystal optics, ensuring images are vivid, sharp, and true to life. Its compact size and featherweight construction make it effortlessly portable, making it the ideal choice for explorers seeking exceptional optical performance without the burden of extra bulk. With the Kowa TSN-55 PROMINAR, there's no compromise on travel – just unparalleled visual experiences in a lightweight package.

TSN-55A | Angled body
TSN-55S | Straight body

Stunning optics.

55mm pure fluorite crystal lens for outstanding image clarity.

Precision dual focus.
